# Community Education at Burwell Village College 2009/2010 Programme

## BVC Goes It Alone!

The Headmaster of Burwell Village College, Nicholas Smith, supported by the Governors, does not wish Community Education Classes to stop, despite the fact that the Local Education Authority is unable to continue providing subsidised Community Education in the Bottisham, Burwell and Soham area.

The plan is to continue with the

majority of the classes that were held last year without raising the cost of the fees.

By going it alone it is believed that the overhead costs that caused problems for the LEA can be significantly reduced.

Burwell Village College is the only primary school in the county that provides Community Education classes.

## Use It or Lose It

The success of Burwell's own Community Education Programme depends entirely upon the number of people who sign up for classes. The course fees will be the only source of income, so it is important that as many people as possible in the village take advantage of what is on offer. If the school cannot cover the fixed costs the programme will have to close!
