7th September 2007

Dear Parent/Carer

Internet Permission Letter Key Stage Two

As part of your child's education we offer pupils supervised access to the Internet. By now I am sure you are aware of the benefits of accessing the Internet and the ways in which it can enhance your child's education.

Our Internet access is provided by Cambridgeshire County Council and is filtered to prevent unsuitable, illegal or potentially offensive sites from being accessed. We recognise that this filtering may not be 100% effective against every site we deem unsuitable for children but feel the advantages of using the internet far out weigh any disadvantages.

Pupil access will not be unsupervised. During school, teachers will guide pupils towards appropriate material. At home, families bear the same responsibility for guidance as they exercise with any other information sources such as television, films and radio.

Your child will be made aware of the enclosed 'Rules for Responsible Internet Use' that we operate in this school. These rules are also available to view on the school website.

To support your child's opportunity for Internet access, please complete the Permission Form with your child and return it to your child's class teacher as soon as possible.

Yours sincerely

Jackie Webster
